

In as much as ye have done it unto one of the least of these my Brethren, ye have done it unto me. S. Matt. XXXV. v. 40.

An Account of the *Rise, Progress and State* of the LONDON-HOSPITAL, or INFIRMARY; Supported by CHARITABLE and VOLUNTARY SUBSCRIPTION, for the Relief of all Sick and Diseased Persons, and in particular MANUFACTURERS, SEAMEN in MERCHANT-SERVICE, and their WIVES and CHILDREN; from the First INSTITUTION on the 3d of November, 1740, to the 17th of March, 1747-8, inclusive.

ANY benevolent and publick-spirited Noblemen, Clergymen, Gentlemen, Merchants, and others, having raised by publick Subscription, a LONDON-HOSPITAL, or INFIRMARY, where all Sick and Diseased Persons, especially British Sailors in the Merchant-Service, their Wives and Children, and poor British Manufacturers, their Wives and Children, are daily admitted, and find Relief in Distress by Sickness or Casualties; and this without any Difficulty or Expence of Admittance:

A proper House was taken in Prescot-street, Goodman's-Fields, as being near the usual Abodes of Manufacturers and Seafaring Men in the Merchant-Service, and at a considerable Distance from any other Hospital. And by the great Encouragement this Charity has received, the Governors have been enabled to add three adjacent Houses, besides a large Out-House, which are compleatly fitted for the Reception of Patients.

The Society for carrying on this laudable Undertaking consists of a President, two Vice-Presidents, and a Treasurer, annually elected out of the most considerable Benefactors to this Charity, and of such Persons who by giving a Benefaction of Thirty Guineas or more at one Time, become Governors for Life; and those who subscribe five Guineas or more a Year, Governors during such Subscription.

A General Court of Governors is held four times a Year; in the Months of March, June, September, and December, to take the Report of the Committees, elect a House-Committee for the ensuing Quarter, inspect Accounts, and transact such other Business as may then be laid before them. And at the General Court in March, the President, Vice-Presidents, and Treasurer, are chosen. The Anniversary Feast of this Charity is held between the 18th of March and the last Day of April, when a General State of the Hospital, the Number of Patients receiv'd and discharg'd, and an Abstract of the Accounts for the Year past, is laid before them, and printed for the Satisfaction of the Publick.

A House Committee of thirteen Governors is appointed at every General Quarterly Court, who at their first Meeting elect a Chairman to preside for the Quarter. Four of the Committee take the first Month, Four the next, and Four the last Month of the said Quarter. This Committee meets every Tuesday at 11 o'Clock in the Forenoon, at the Hospital, to Receive and Dismiss all Patients, to Order and Inspect the Diet and Provisions and all Goods sent in by the severall Tradesmen, for the use of the Hospital, and see that they are Cheap, and Good of the kind; to order any Conveniences that may from Time to Time be wanting, and to Examine and Regulate the Conduct of the Servants and Patients of the House. All Governors that please to attend, have a Vote at this Committee.

A Committee of Accounts, consisting of twelve Governors, is appointed at the General Quarterly Court in June, for one Year, who meet at the Hospital once a Quarter, to Receive, Examine, and Audit Tradesmen's Bills, which are constantly paid by the Treasurer within a Fortnight after; which Accounts are kept in a Regular Mercantile Manner, and ready at any Time for the Inspection of the Governors.

A Physical Committee, consisting of twelve Governors, is appointed at every General Quarterly Court, out of the Physicians, Surgeons, Apothecaries, Druggists, and Chemists of this Hospital, who meet once a Month, or oftner as Occasion requires, to Examine the Medicines and Drugs brought into the Dispensary, and none are suffered to be used without their Approbation.

Two Governors are appointed Visitors by the House Committee, for one Fortnight, to attend every Thursday and Saturday, and at such other Times as they think proper, to inspect into the Management and Conduct of the House, during the Interval of the Meetings of the House Committee.

Three Physicians attend alternately, a Surgeon in Ordinary daily, and an Assistant Surgeon occasionally, from Eleven o'Clock till One, without Fee or Reward, and give their Advice and Assistance to all such Objects as come within those Hours, whether Recommended or Accidental. Two Surgeons Extraordinary, attend in Consultation, in all dangerous and extraordinary Cases.

An Apothecary constantly resides at the Hospital, who Compounds and Dispenses all Medicines used there, and solely attends the Business thereof.

A Clergyman of the Church of England reads Prayers, and performs the other Duties of his Function, at the Hospital.

A Steward, a grave, sober Man, who gives Security for his Integrity, has the Charge of the House and Furniture, keeps an Account of every Thing brought to or expended in the House, and subjects the same to the daily Examination of the Visitors, and House-Committee, and has the Inspection likewise of the Conduct of all the Men-Servants. Two Matrons, discreet Women, have the Direction of the Nurses and other Women-Servants, and see the Diet and Medicines administered according to Order. Under them, are Nurses, and Watchers, in Proportion to the Number of Patients, of experienced Honesty and Tenderness, who are guided by written Orders to prevent any Misconduct. Proper Diet for the Patients has been settled by the Gentlemen of the Faculty engaged in this Charity, and is fixed up in the Wards for the Satisfaction of the Patients and their Friends.

No Officers or Servants are permitted upon Pain of Expulsion to take of any Tradesmen, Patients, or other Persons, any Fee, Reward or Gratuity of any kind, directly or indirectly, for any Service done, or to be done, on Account of this Hospital.

Every Governor is intitled to send one In-Patient at a Time, and Out-Patients without Limitation. Subscribers of smaller Sums may likewise send what Number of Out-Patients they please. All Subscriptions are during Pleasure, and any small Sums from well-disposed Persons will be thankfully received and acknowledged; but in order to carry on this Undertaking, all Persons are desired to pay their Subscription at the Time of Subscribing.

All Poor, Sick, and Lame, recommended as In-Patients, are received at any Hour, and are supply'd with Advice, Medicine, Diet, Washing, Lodging, and every comfortable Assistance during their Cure, and all Out-Patients have Advice and Medicines administered from Eleven 'till One. No Persons with incurable or infectious Distempers, or of known Ability to pay for their Cures, are admitted to partake of this Charity.

All Accidents, whether recommended or not, are received at any Hour of the Day or Night.

The Patients are received without any Expence at their Admission (except in Venereal Cases which require Salivation) nor is any Security required against future Contingencies, they being, in case of Death, buried at the Expence of the Charity, if not removed by their Friends.

This is the Plan of our Proceedings, and tho' this Work is but in its Infancy, yet such has been the extraordinary Encouragement given to it, by Numbers of Distinguished Humanity, that we have the Satisfaction to assure the Publick, that since the 3d of November, 1740, it has pleased God to blest us with such Success, that more than 30,000 distressed Objects have been Relieved at the London-Hospital, or Infirmary; and from Labouring under the Oppression of some of the most malignant Diseases, and unhappy Accidents, have been reinstated in their Honest and Industrious Capacities of Working, whereby the Publick again enjoy the Benefit of their Labour, and they, and their poor Families, are preserved from perishing, and prevented from being a constant Incumbrance to the Community.

The

The Subscribers are desired to take Notice, that if any Patients do not conform to the Rules of the House, or are guilty of any Misbehaviour, they will be discharged, and never more relieved by this Charity.

The admitting of In-Patients troubled with Asthmatic and Consumptive Disorders having been found greatly prejudicial to themselves, all Governors are desired not to recommend any such as In-Patients; they being more capable of Relief as Out-Patients.

Such Persons therefore as are inclined to encourage and promote so laudable a Work, are desired to send their Subscriptions or Benefactions to Messrs. Minors and Boldero, Bankers in Lombard-street, who will give proper Receipts for the same. And any Person inclined by his last Will to bequeath a Legacy to this Charity, is desired to do it in the following Manner, viz.

Item, I give and bequeath unto A. B. and C. D. the Sum of Form to be
upon Trust, and to the Intent that they, or one of them, do pay thequeath a
fame to the Treasurer or Treasurers for the Time being, of the Society Legacy.
of the Governors of the London-Hospital, or Infirmary, for the Relief
of all Sick and Diseased Persons, and in particular, Manufacturers,
Seamen in Merchant-Service, their Wives and Children; which said
rying on
I desire may be applied towards car-
Sum of the charitable Designs of the said Society.
